## SkinMed Otic

**60 ml and 130 ml bottles**

### **Characteristics:**

Veterinary solution for cleaning the external ear canal and auricle of dogs and cats. The ear cleaning solution is intended for routine cleaning of the ears of dogs and cats and to prevent excessive earwax production.

### **Ingredients:**

Isopropyl alcohol 50 mg/g, propylene glycol 100 mg/g, polysorbate 80, linalyl acetate, Brilliant Blue FCF, demineralised water

### **Dosage and method of use:**

Apply several drops into the external ear canal and gently massage the base of the auricle. When the earwax has dissolved, allow the animal to shake its head, and then remove any remaining earwax with a piece of cotton wool. Treat as needed, depending on the condition of the ear and the amount of the earwax. Repeat once to three times a day, or once a week.

### **Target animal species:**

Dogs, cats

### **Caution:**

For animals only! For external use only!

### **Contraindications:**

Should not be applied to the external ear canal if eardrum disruption is suspected.

**Storage:**

Store the product at 15°C to 25°C, keep out of sight and reach of children.

**Shelf life:**

36 months

**Distributor and marketing authorisation holder:**
